

Spectrum Support Group for parents who have children with ASD and ADHD - TERM TIME ONLY

Spectrum Support is a parent-to-parent support group run by two friendly mums (under the umbrella of FACES) who have children with ASD/ADHD. Between them, they have a wealth of experience and understand the daily challenges of raising children with these conditions. They also have professional experience of working with families.

Meetings

Spectrum support holds two groups per month on a Friday from 10 am to 12 noon term time only, at two different venues, so as to make the group as accessible to as many parents/carers as possible.

1. One is held at FACES, Church Lane Community Centre, Church Lane, Bedford, MK41 0PW,
2. Second meeting is held at the Community Development Centre, Hill Rise, Kempston, MK42 7EB

No need for a diagnosis

Your child does not need a diagnosis in order for you to access the groups, and we accommodate parents/carers with young children as we understand this can be a barrier for many, and want our service to be accessible as possible, but please note that there are currently no crèche facilities.
