

Accessing Accelerated Reader

Please encourage your child to read for 20 - 30 mins, each day, if possible, please.

We are very excited to tell you that you can now access our school reading scheme, Accelerated Reader, from home. Your child's class teacher should have emailed them their login details and reading level.

It is really important to take time **each day** to complete a reading activity.

Accelerated Reader - free books

Free electronic books are accessible from: <https://bit.ly/2JmckxT> Once your child has read a free electronic book, they can login to complete a quiz about it - the quizzes support the development of your child's comprehension skills. Please see instructions below.

How to login

1. Using your computer, iPad or phone, go to the following web page: <https://ukhosted68.renlearn.co.uk/2232233/>
2. Click 'I am a student'.
3. Now, type your username and password. (I have sent these to you.)
4. Press login
5. Click on the middle square, which reads Accelerated Reader.
6. Type the name of the book that you have just read.
7. Find the correct author and version of the book, if there is a list. When you have found it, click 'Take Quiz'.

It is very important that you answer the quiz questions independently (on your own).

Reading Hub: Free online links to reading resources

We will continue to develop our reading hub, which includes links to a variety of reading materials. Please do take a look at: <https://www.stjosephsandstgregorys.com/page/?title=Home+Learning&pid=1121>
